Chicago, July 5.—Thirty-seven dead, 2,153 injured, and a fire loss of \$340,555 is the statistical record of the country's celebration of Independence Day, according to the Chicago Tribune's annual compilation. To this list of dead probably many will be added by the death of injured from lockjaw. The roster of dead is four more than last year. New York leads all other cities in the number of killed and injured. Ten are dead in that city, and 6 will die. At one hospital 423 people were treated yesterday.

NEWARK CITY WAS DESERTED ON JULY FOURTH

RECORD BREAKING CROWD AT
BUCKEYE LAKE PARK ON
THURSDAY.

WEATHER MAN VERY GOOD

Frightful Jam at Entrance to Cars
and Trolley Company Had Its
Hands Full.

The weather man was certainly good to the masses who celebrated the anniversary of the birth of our nation on the Glorious Fourth of July.

The weather in Newark was beautiful all the day, and in the absence of ball games and the usual celebration of the day in the city, immense crowds of people betook themselves to the parks in the vicinity, where they enjoyed themselves hugely.

It was a record breaking crowd at Buckeye Lake Park. By 11 a. m. over 4,000 people passed through the gates and they kept coming all day and evening. By 3 p. m. the cars leaving the lake were all crowded and from 4 o'clock to midnight the jam was awful. Three women fainted and many children were almost crushed in the crowd's effort to get into the "pen" leading to the cars. Much criticism is heard today over the way the crowd was handled at the entrance to the cars. While it would have been difficult to handle such a mass of people with the best of facilities, many think that the entrance to the cars should be changed so that people would not have to undergo physical torture in the crush or be locked up in the wire pen for an hour or more while waiting for cars. The management is to be congratulated upon handling the big crowd without loss of life or limb but before another "big day" comes around it is hoped that the facilities for loading the cars will be improved. Many people who attempted to get home as early as 8 p. m. were not able to board cars and get home until midnight.

At night in the city numerous balloons were set up, lots of fireworks were set off, and the city was crowded until a late hour with the returning excursionists. There was no damage in the city from fire, and all the people celebrated in a very happy manner.

An immense crowd thronged Idlewild park all day and a record-breaking crowd was entertained at Buckeye Lake Park, fully 10,000 people from this vicinity passing through the gates. The amusements were of course varied, and in view of the large crowds handled and pyrotechnics set off, it is remarkable indeed that there

SUDDENLY STRICKEN DUMB AND IMMOVABLE AT HIS POST OF DUTY.

New York, July 5.—Stricken suddenly dumb and immovable at his post of duty, Wm. George Han, watchman for the Harlem Terminal Storage company, was found standing like a statue in front of the office safe today. Efforts to make him explain his condition failed. Then it was realized that he could neither speak nor move. Physicians at Lincoln hospital say he is suffering from a form of aphasia.

are no fatalities to report and only one injury.

The lessees of Idlewild park report an amazingly fine business all day of the Fourth. At night there were at least 4,500 people on the grounds. The fireworks, while not extensive, were very elaborate. Two exceptionally fine pieces were shown.

"STEEL PREFERRED"

Won Motor Boat Race at Lake, But
Prof. Ernest's Launch Made
Faster Time.

In the race at Buckeye Lake on July Fourth, Caleb L. McKee of Columbus, won the race for motor boats with his launch "Steel Preferred," but Prof. Ernest, who arrived too late to be in the actual contest, was allowed to go over the same course with his boat "Avenel III." and did it better time than did "Steel Preferred." The judges, because of the protest entered, withheld their decision, and at this writing it is not known how the affair will be adjusted.

For sailing vessels, "Lemon," owned by the Pirates' club of Columbus, was first, and Louinda, owned by Mitchell & Theobald of Columbus, was second. Owing to handicaps, the time was not announced.

No Newark boats so far as is known were entered in any of the contests.

BREWER BARTELS

Arrested for Perjury Escapes From
Custody and Search is Being
Made Now.

Toronto, Ont., July 5.—Herman Bartels, the millionaire brewer of Syracuse, N. Y., arrested in Welland a month ago on a charge of perjury and ordered to be extradited by Judge Wells and who appealed to the courts at Toronto, escaped from custody. Just before court opened the sheriff left him alone for a moment in the corridor, and when he looked for him again Bartels had disappeared. Search is being made for him. Despite Bartels' escape, argument on his appeal from the decision of the extradition court was made.

POINTBLANK IS DENIAL MADE IN 15 DEPOSITIONS

Defense Fighting to Get Evidence
Before the Court and Jury
at Boise.

Boise, Idaho, July 5.—Pointblank denial of Harry Orchard's story of the famous Bradley explosion is contained in 15 depositions offered in the Haywood case today. The testimony is offered by witnesses whom the defense found it impossible to bring to Boise. Their version is that no one planned to blow Bradley up with a bomb at all, but that the explosion was due to an accidental gas leak. The defense is fighting hard to get the evidence before the court, the record to be excluded from the case. By a change in the defense's program Haywood will probably precede Moyer on the stand today.

News was received today of the death of Frank Schmelzer, of Silverton, Colo., the newly elected executive committeeman of the Miners' Federation, who was to have come here as a witness. He jumped from a moving train in a Denver suburb.

TAFT'S MOVEMENTS

Millbury, Mass., July 5.—Secretary William H. Taft of the war department, who came here to visit his mother, Mrs. Louisa M. Taft, left for Manchester-by-the-Sea, where he will remain a day. From Manchester he will go to Murray Lake, Canada, to join his family.

Miss Nympha Grizzanti, 19, an Italian girl, was killed in her room at her home in New York, a bullet being fired through a window by an unknown person.

SULTAN PUZZLED BY DEMAND OF GREAT BRITAIN

HIS INABILITY TO RELEASE GENERAL
MACLEAN IS NOW
ADMITTED.

RAISULI WANTS TOO MUCH

Already an Army is Being Gathered
Under Direction of War Minister
Cabbas.

Tangier, July 5.—England's demand upon Morocco for the present release of Kaid General MacLean, a British subject, who is commander of the Sultan's bodyguard and held by Raisuli until the Sultan agrees to the bandit's terms of surrender, has caused the greatest apprehension. The inability of the Sultan to secure the release of MacLean is admitted. Raisuli's ransom demand is so exorbitant as to be out of the question. Already an army is being gathered under the direction of War Minister Cabbas to pursue Raisuli.

So many similar expeditions have met ignominious failure that the chances of success are regarded as very poor.

Raisuli's prestige among the natives has been greatly increased by his coup. With the constant additions to his ranks it is doubtful if an imperial army strong enough to defeat him can be sent against the bandit.

A report says agents have been dispatched to meet Raisuli to arrange terms on which MacLean will surrender as well as to buy Raisuli's nominal fealty to the Sultan. More faith is placed in the efforts of those secret agents than in the army Cabbas is collecting.

OFF TO CHICAGO IS MR. ROCKEFELLER

Chicago, July 5.—Tomorrow the richest man in the world, John D. Rockefeller, founder and president of the Standard Oil company, will appear before Judge Landis to give information to enable the court to inflict proper punishment for criminal offenses for which the company has been convicted. The Standard was found guilty by a jury in Judge Landis' court in April of discriminating against the general public in conspiring with the Chicago and Alton railroad to secure a rate lower than was the lawful, published rate on shipments of oil from Whiting, Ind., to East St. Louis, Ill. The Standard was convicted on 1462 counts, the statutes permitting a minimum fine of \$20,000 on each count. Aside from the fact that the prominence of Rockefeller will attract a large gathering, no arrangement is being made at the federal court that would not be made for the appearance of any other person. Mr. Rockefeller is immune from service from any state court while here. Rockefeller is expected here this afternoon and will be the guest of Harold F. McCormick, his son-in-law. It is intimated today that the government will not put Rockefeller on the stand if other witnesses give testimony conveying the information as to the earnings, ownership and stock control needed by the judge to fix the penalty. This is partly because the federal government does not want Rockefeller to give testimony that will make him immune from criminal prosecution if the government finally in other Standard Oil prosecutions, gets testimony that will land Rockefeller behind the bars.

Pittsfield, Mass., July 5.—John D. Rockefeller left Pittsfield for Chicago, where on Saturday he will be interrogated in the federal court regarding the affairs of the Standard Oil company.

Greenburg, Wis., July 5.—Judge Keneaw M. Landis of the United States district court of Chicago, who is spending a few days here with his friend, Dr. Carey, said that he had received numerous requests for information relative to the report that John D. Rockefeller had requested permission to make a deposition in Massachusetts instead of coming to Chicago to give personal evidence in the Standard Oil inquiry now under way before Judge Landis. The judge said he had received no such request from Mr. Rockefeller. On the contrary, he had sent the following message to the United States marshals in the districts of New Jersey, New York and Ohio: "I have received word that a subpoena was served on John D. Rockefeller at Pittsfield, Mass., on the afternoon of July 3. I have also received the following message from John D. Rockefeller at Pittsfield, dated July 3: 'I understand that a subpoena has been issued for my appearance at Chicago on Saturday. No subpoena is necessary. I will be there.' You will therefore make no further effort to serve processes."

Chicago, July 5.—The prospect of Fritz H. Grawert, a German inventor, as he stood watching the antics of his aeronautomobile "Airsap talk is cheap," he continued; "the cheapest kind of talk I know anything about, but I am telling you what I am going to do, not what I think I might do. You see for yourself. This model sails around here under perfect control. That shows you what a larger machine can do. It is the only model with a propeller that has ever proved itself—the only one that has ever actually worked."

New York, July 5.—Within sixty days I'll land at the front door of the Herald office with my airship. Then I will go straight up in the air 1000 feet and come down on the spot from which I started. After that I will sail up Broadway alongside automobiles and street cars three feet above the pavement. When I have done that I will go in my aeronautomobile to President Roosevelt's house at Oyster Bay, and tell him I am ready to build a machine that will cross the ocean."

Newark, July 5.—The prospect of a plebeian son of King Leopold and a woman once the wife of a coal heaver becoming heir to the throne of Belgium is causing the greatest anxiety to Belgians. According to court authorities there is grave danger of this, as Leopold is said to have about determined to solemnize his marriage under a religious ceremony with the Baroness Vaughn, by whom he has a son two years old, with a civil ceremony. Such an act would make the baroness queen of Belgium and her son heir to the throne. It has been openly intimated to the king that the Belgian people will never allow the throne to pass to one of mediocre blood, and that if he persists his abdication will be forced.

Washington, July 5.—The most pleasant man in Washington over the news that the President has finally consented to send a big fleet of American battleships to the Pacific is Admiral Dewey. The movement was not only unanimously recommended by the general board of the navy, but was personally urged upon the administration by Dewey. Just how far the statement that it is to be only a practice cruise will be accepted by the powers remains to be seen. Japan has formally announced that she will not consider it an unfriendly move.

Woman Killed By Motor Car.
Indianapolis, July 5.—A lightning from a streetcar, Miss Carrie Wilkenson, 23, was almost instantly killed by being struck by an automobile. The woman died shortly afterwards. The chauffeur, who, it is said, was racing with the streetcar, was arrested. He is being held on a murder charge.

One Motorman Killed and Another is Dying.—The Brakes Did Not Work.
Providence, R. I., July 5.—Paul Monroe, a motorman, is dead, and Alex Janelle, also a motorman, is dying, and nearly a score of other persons were severely injured in a collision of three electric cars at East Providence. The cars were bound into the city from Taunton and Fall River on the Providence division of the Old Colony street railway. Two of the cars were badly smashed. The accident is said to have been due to the failure of the brakes to work on the rear car.

Chicago, July 5.—The entire new foundry building and the pattern storage house of the American Steel foundry at Indiana Harbor, Ind., was destroyed by fire, throwing 1,000 men out of employment. Loss \$100,000.

Chicago, July 5.—Labor Commissioner Neil is conferring today with members of the Commercial Telegraphers' Union and Western Union officials in the hope of averting the proposed strike. Members of the executive committee of the union are either in the city or enroute under secret orders from President Small.

WOMAN INJURED ON TROLLEY CAR NEAR HEBRON

WOMAN INJURED
ON TROLLEY CAR
NEAR HEBRON.

Mrs. James R. McClelland of Geneva, New York, was seriously hurt, between 1 and 2 o'clock in the afternoon on the interurban near Hebron, on July 4.

Mrs. McClelland is a visitor at the home of P. C. Carroll at 322 West Church street. With her husband and a party, she left to spend the afternoon at Buckeye Lake, and left on a train consisting of two cars. Something went wrong with the trolley on the first car and it broke, one of the pieces coming through the front end of the second car, where Mrs. McClelland occupied a seat, riding backwards.

The piece struck her on the left leg near the knee, and made a severe contusion as well as lacerating the leg from the knee down, so that several stitches had to be taken.

Dr. Kramer of Hebron, rendered first aid, and she was then brought to Newark, and taken in the Dowers & Cross Bros. ambulance to the home of Mr. Carroll, and Dr. D. M. Smith rendered further surgical aid. She is resting easily at the present time.

FIFTEEN DEAD SCORES INJURED IN WISCONSIN

SEVERE STORMS SWEEP NORTH-
WESTERN PORTION OF
THE STATE.

SEVERAL TOWNS WIPED OUT

Residences Wrecked, Farm Property
Destroyed and Wires Knocked
Down by Wind.

St. Paul, Minn., July 5.—Severe storms have laid waste a portion of western Wisconsin. At least fifteen lives were lost. Many other persons were injured and much damage to farm property and to dwelling houses is reported. According to reports received here, the little town of Oakdale, on the Milwaukee road, was entirely wiped out. Four people are reported to have been killed there. At Grand Rapids, Wis., there are said to be five dead as a result of the storm, but communication has not been re-established with this place and the extent of the calamity is not known. The list of dead and injured so far as reported is as follows: At Oakdale, Mr. and Mrs. John Dams; two others whose names have not been learned. At Millston, Mrs. Jasper Poff and infant. At Weyerville, Andrew Baunel. At Black River Falls, two children of Joseph Buchner. At Neillsville, Lyman A. Charles. At Grand Rapids, five persons, whose names have not been reported. Near Neillsville, Mrs. August Beyers and son.

The telegraph companies have been working hard to restore communication with the storm-stricken district, but have only been partially successful. No communication has been established with Grand Rapids, where the storm victims are said to be numerous. Oakdale, which is reported entirely demolished, was a town of probably 200 inhabitants. It is said that the only structure left standing is the railroad station, in which the townspeople have taken refuge.

Many farmhouses and outbuildings in the neighborhood of Neillsville were destroyed, and much stock was killed. Wires were prostrated in all directions and it has been difficult to learn details of the storm. The Post district school, near Warrens, was blown away. A summer resort near Tomah suffered much damage.

At the home of Lyman Charles, near Neillsville, a social gathering was in progress when the storm struck the house. The host was caught beneath the ruins of his house and fatally injured, dying while being taken to a hospital. One of his guests also was probably fatally injured, while several were severely hurt.

UNWRITTEN LAW
SAVES WADDINGTON
FROM PUNISHMENT

Brussels, July 5.—Charles Waddington was acquitted today of the charge of murdering Ernest Balmaceda, an attaché of the Chilean embassy here who was killed by Waddington because he refused to marry Waddington's sister after betraying her. Waddington's defence was the "unwritten law."

FAMOUS TEACHER DEAD.
Heidelberg, Germany, July 5.—Prof. Kuno Fischer is dead here. His lectures on philosophy were heard by American students studying in Germany during the past 30 years.

CUT HIS THROAT
WITH RAZOR ON TRAIN

Bloomington, Ill., July 5.—Edward S. Blackall, 23, committed suicide on a Chicago & Alton Prairie State express, 20 miles north of the city, by cutting his throat with a razor. Illness was given as the cause. His parents reside in Chicago.

GENERAL NEWS OF BUCKEYEDOM

SENATOR DICK DENIES REPORT REGARDING RELATIONS WITH TREASURER SMITH.

Claims He Never Borrowed a Dollar From Any Custodian of Public Funds.

Akron, O., July 5.—A signed statement was given to the press by Senator Charles Dick regarding his business relations with former Treasurer Smith of Akron. The senator says: "In view of maliciously false statements concerning myself appearing in some newspapers in connection with the report to the auditor of state upon the examination of the treasury of the city of Akron, I feel I can not do less than to say that I never directly or indirectly borrowed a dollar from Treasurer Smith or from any other treasurer or custodian of public funds. Any newspaper article insinuating or intimating that I ever borrowed of any one any amount of public funds is wholly without foundation or justification. An examination made by direction of the court, the report of which is a matter of court record, and also a voluntary statement made without solicitation on my part by Treasurer Smith and by Mr. Seibler, his attorney, both of whom have personal knowledge of the facts, completely remove any ground for such charge or suspicion."

Sensor Dick adds: "The facts, briefly stated, are these: When the Akron Savings Bank passed into the hands of receivers, I was in the bank's debt personally and jointly with L. C. Miles, my personal obligation being amply and satisfactorily secured by stock of the bank as collateral, the market value of which, prior to the bank's difficulties, considerably exceeded the amount of my loan. When the assets were sold by the receivers to George D. Bates, these notes were transferred to him. Subsequently he sold these notes with others which he had purchased from the receivers to Fred E. Smith, who in turn transferred them to the bond company, upon its request and demand. Until Mr. Smith's difficulties arose I did not know that this paper was in his possession, but supposed it was still the property of Mr. Bates and his associates. However, this does not in the least modify my original statement. These notes were made and still are payable to G. D. Bates, trustee, and not a dollar of the money which they represent ever came to me from any public officer or were supplied from any public funds."

Under the Wheels.
Cleveland, O., July 5.—Anthony Lugata, a young man living in this city, missed by a few seconds the train to Ellyria, where he was to be married. He ran down the Lake Shore yards trying to catch the train. He leaped to the platform of the rear car, stumbled and fell beneath the wheels. Both of his legs were cut off at the knees.

Girls Swept Down Stream.
Akron, O., July 5.—Tessie and Bertha Wentzlosky, 14 and 11 respectively, were drowned in the river at Cuyahoga Falls. Bertha leaned over to place her hands in the water and fell in, when Tessie leaped in and both were carried down stream. Bertha's body was soon recovered, but the other has not been found.

Mysterious Explosion.
Cádiz, O., July 5.—A mysterious explosion occurred in the Adams oil field, causing the loss of one life. Charles Aderhold, a pump operator, was killed when he kept out of the pump, and this building and the pump were blown to pieces. What caused the explosion is not known.

Careless Use of Firecrackers.
Columbus, O., July 5.—Fireworks were not on the program at Olentangy park last night, but the careless use of a firecracker by a pleasure-seeker resulted in a \$5,000 display at the expense of the management, through the destruction of two attractions and the partial ruin of another.

Playing on Track.
East Liverpool, O., July 5.—James Debee, 10, was run down by a passenger train and instantly killed while he was playing on the track of the Cleveland railroad. Young Debee was enjoying himself with a party of companions and did not notice the approach of the train.

Wife Charged With Murder.
Lima, O., July 5.—On the return of the funeral party from Sidney, Mrs. Ina Speer was placed under arrest, charged with having administered poison to her husband, John Speer, a prominent contractor. In default of immediate bond she is held in jail.

Believed Body of Murderer.
Canton, O., July 5.—The dead body of an unknown man was found by some boys in a swamp. It is believed to be Achim Fatt, who murdered his wife 10 days ago. A revolver was found on his breast.

FOURTH OF JULY

Was Celebrated Patriotically by the American Colony in Berlin, Germany.

Berlin, July 5.—The Fourth of July was celebrated most patriotically by the American colony of this city. Fully 400 members of the colony chartered a steamer and sailed up the river Spree to the suburb of Grunau, where a jolly picnic was held. This was followed by field sports for medals presented by some of the prominent members of the colony. The day's outing came to an end with a dinner at which Consul General Thackara made an address.

SAYS MAN TRIED TO SHOOT HER

A woman named Bonham, living on Elmwood avenue, says that a man deliberately shot at her while she was going to her home. She took refuge on a porch and was later escorted home.

She has no idea as to who did the shooting.

FOURTH IN PARIS

Thousands of Americans Flew Out Flags to Commemorate Nation's Birthday.

Paris, July 5.—Thousands of American flags flew over Paris to commemorate Independence day. Many of the principal stores flew the stars and stripes and the residences of many members of the large American colony were likewise decorated. The American embassy and the consulate were closed. As Ambassador Bland has not yet selected his house in Paris, the customary Fourth of July reception was not held. Last night the American chamber of commerce gave its regular Fourth of July banquet at the Hotel Du Palais d'Orsay.

Rodgers the Guest of Honor.
Havana, July 5.—The Fourth of July was celebrated here by a grand review by General Barry of the 2,000 troops stationed at Camp Columbia. Following the review the Declaration of Independence was read by Major Millard F. Waltz, chief of staff to General Barry, and the troops then sang the national emblem. There was a reception at the residence of Mr. Morgan, the American minister, at which J. Linn Rodgers of Columbus, O., who recently has been appointed consul general at this city, was the guest of honor.

GLORIOUS FOURTH.

Heavy Casualty List Marks the Celebration at New York.

New York, July 5.—Independence day, ushered in with much noise, went out in a blaze of pyrotechnics the most imposing that New Yorkers have ever witnessed. A swifling sun and moderate temperature brought the tens of thousands to the beaches, the public parks and amusement resorts, and everywhere there was noise and fun-making. The police are reckoning the cost in casualties of the day's celebration. At a late hour the list was not complete, but it was known that this Fourth's celebration had cost seven lives, that a half dozen persons were dying, and that hundreds of others were being treated at hospitals for injuries ranging from slight burns, with the possibility of tetanus developments, to bullet wounds and lost limbs.

AT SAGAMORE HILL

President Roosevelt Saw No Official Callers on the Nation's Birthday.

Oyster Bay, N. Y., July 5.—President Roosevelt saw no official callers on the Fourth, although he conducted the customary amount of routine business. His celebration of Independence day took place in the evening, when with his family, relatives and number of other friends, he watched a pyrotechnic display on Sagamore hill. The fireworks were managed by an expert from New York, and the exhibition was enjoyed by spectators in the villages of Oyster Bay, Huntington and Cold Spring, from all of which Sagamore hill was brilliantly visible.

STRIKE ORDER EXPECTED.

Chicago, July 5.—A strike order in Chicago is the next expected development in the telegraphers' situation. The arrival this afternoon of S. J. Konek-nip from Pittsburgh gives the executive committee a majority here. It is necessary to have a vote of such majority before a strike can be ordered. Secretary Russell says the situation is not without hope, however, and any disposition on the part of the Western Union to treat with the men will avert greater trouble.

BILL SQUIRES IS A FALSE ALARM

HE IS PUT TO SLEEP IN FIRST ROUND OF BOUT WITH BURNS.

Hard Rights to Jaw Did It—Large Crowd Sees the Fiasco at San Francisco.

San Francisco, July 5.—Tommy Burns is fairly doing today for a fight with Jeffries. He doesn't like the idea of holding the heavyweight championship title by inheritance. He wants to win it in the ring and thinks his defeat of Squires entitles him to a meeting with the undefeated brawler. "I can make it still clearer that I am the world's champion by beating Jeffries," he said today, "and I'm sure I can do it. Jeff said he would fight any man the public wants him to meet. Now I've defeated all the rest of them and there ought to be some curiosity to see whether I can beat Jeff, too."

Jeffries hasn't been heard from yet, but his friends doubt whether he will consent to enter the ring with Burns. San Francisco, July 5.—Bill Squires, the much-heralded champion of Australia, succumbed to the blow of a Canadian fist at Colma, near this city, after he had been in the ring about two minutes with Tommy Burns. The men who witnessed the brief meeting between the two pugilists were charitable enough not to call him a "dub."

They designated him a "false alarm," who should have been pitted against a fourth-rate fighter rather than any pugilist with the slightest possession of ring skill.

To say that the 9,000 persons who journeyed out to Colma to witness the fight were disappointed would be phrasing it too mildly. It was a hot day and the journey to Colma was a disagreeable one. Hundreds of persons came from other states to see the leading fighter of the Antipodes battle with the light heavyweight champion of the United States, and anticipation was keyed up to the highest pitch. From the standpoint of the average spectator, the outcome would have been amusing if less effort had been required to reach the arena.

Within 10 seconds after the gong had rung for the men to begin, Burns had swung his right to the Australian's jaw and he went down. It looked then as if the fight was over, but in about four seconds Squires staggered to his feet and rushed violently at Burns. They came to a clinch and Squires put his huge fists up to fight. They broke in the center of the ring and Burns immediately popped over another right and Squires went down again. He got up in a second, and then Burns swung a succession of rights, each one staggering the Australian, until he dropped his arms. Then Burns swung his right again with tremendous force, and it was all over.

The outcome, while a surprise to many, keeps Jim Jeffries still in retirement. He had announced that if Squires won he would meet him in the ring. Beyond demonstrating that he can hit hard and with lightning-like speed, Burns had no opportunity of demonstrating his class. The event was too sudden.

When Squires was seen after the fight he said that he had been led to believe that Burns was not a "knocker-out." He had been told that Burns did not possess the strength to put a man to sleep with a few blows, and this belief had made him careless at the beginning of the contest that resulted in the early blow to jaw that dazed him. Burns said: "I saw the moving pictures of Squires in training, which were placed on exhibition. When I saw how he carried himself and how he acted, I knew that I would not have any difficulty in defeating him. I went into the ring with the fullest confidence that I would be the winner."

The receipts were far beyond expectations. The inclosure was crowded and it is estimated that the proceeds were between \$26,000 and \$27,000. Burns earned \$18,000 by his victory—the \$10,000 side bet and his \$3,000 guarantee. Squires takes 24 per cent of the gross receipts.

WILLIAM J. BRYAN

Sends Message to Tammany Being Unable to Attend the Big Celebration.

New York, July 5.—A brief message from William J. Bryan commenting upon economic questions now before the country was one of the features of the celebration of the Fourth by the Tammany society. Mr. Bryan was one of the guests invited to help the society celebrate the day, but was unable to attend. Congressman Rainey in his speech congratulated President Roosevelt with the design of destroying state lines and state rights. "The policy of the executive," said Mr. Rainey, "now seems to be to put the power we thought belonged to the states in the hands of congress, and then get congress to surrender to the executive." Mr. Rainey declared that it was evident Mr. Roosevelt intended to be one of the candidates for president next year.

Spasms St. Vitus' Dance

Many persons who suffered untold agonies from epilepsy, fits, spasms, and St. Vitus' Dance are today well. The strengthening influence of Dr. Miles' Nervine upon the shattered nerves having restored them to perfect health.

"Our little boy Harry, had spasms for three years, and although we consulted with many physicians, he continued to grow worse until he had ten spasms in one week. About that time our attention was called to Dr. Miles' Nervine. We began giving it to him. His improvement seemed slow, but when he had finished the fourth bottle the spasms had disappeared, and he had not been seen now for years. We shall always recommend Dr. Miles' Nervine."

MRS. BELLE M. TINDALL, Hastings, Neb.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit you. If it fails, he will refund your money.

RAILWAY AFFAIRS

After the Big Four.

Marion, July 5.—In retaliation against the Big Four for prohibiting west bound local No. 55 from carrying passengers the village of Caledonia has passed an eight hour speed ordinance. Mayor Gruber who signed the ordinance, says that a watchman will be placed at the east and west corporation lines, one holding a stop watch and the other a flag to time the speed of every train. "We will have better passenger service if we have to make 50 arrests a day," declared the mayor.

Retain Monthly Tickets.

B. & O. railroad officials claim they will not abolish monthly tickets for suburban traffic over that line on September 30 as reported. Following the action of the Pennsylvania, the company will, however, abolish all special rates, including family tickets, 150 trip tickets and 50 trip tickets on the lines east of the Ohio river.

That the Pennsylvania lines and the B. & O. will eventually abolish all special rates for the lines west, as well as east of Pittsburgh, has been semi-officially stated.

Adjunct Insane.

An inquest of lunacy was held on Jacob Roberts, living about three miles southwest of Newark, whose delusions have assumed a dangerous form. He will be taken to Columbus Saturday.

Two Divorce Cases.

A "double header" divorce case was held by Probate Judge Brister on Friday afternoon.

Claude R. Dunn wants a divorce from his wife, Rinda E. Dunn, alleging infidelity, naming James Satterfield as co-respondent, and Fanny Satterfield wants a divorce, also alleging statutory grounds.

Report Anxiously Awaited.

The Pennsylvania's statement for May is expected to show the largest monthly aggregate of earnings in the history of the company.

B. & O. Circus Train.

The B. & O. had eleven cars on train No. 15 for Mt. Vernon on account of Ringlings' circus.

To Use Electric Power.

It is reported in local railroad circles that Joseph Ramsey Jr., and his associates intend to use electricity in the operation of the Lorain & Ashland railroad being built south from Lorain, which will be extended toward that stream at Parkersburg. About 62 miles will be built this year.

Executive officials of the company are said to have taken the stand that it will be but a few years until electricity instead of steam will be used by many of the larger roads. They therefore think it would be much cheaper to equip their trains now with electric motive power than to make a general change in a few years.

While the report cannot be officially confirmed, it is intimated by persons who are close to Ramsey and his associates that electricity will be used as no expense is being spared to make the new line one of the best in this state.

The public is cordially invited to be present to hear the discourses. July 7, "Eve the Mother of the Race." July 14, "Rebekah the Beautiful." July 21, "Ruth the Beautiful Daughter-in-Law." July 28, "Dinah the False Wife."

Entertained at Lake. The following members of the Mullins Launch company were entertained at Buckeye Lake by James T. Haynes at his cottage July 4: Mr. C. C. Gibson, secretary; Mr. Hare, general manager; Mr. Miller, foreman, and Mr. Smith, professional gasoline engineer. They were very much impressed with the beauties of the lake and were pleased to see the Mullins launches taking all the best prizes in the races.

Assault is Alleged. A colored man named Tyler, employed at the Sherwood, has filed an affidavit in police court against three Newark men charging them with assault and battery. The colored man claims that the three men attacked him without cause and beat him up badly. He exhibited a big gash in his head to corroborate his statements. A warrant was placed in the hands of Chief Sheridan and as soon as one of the men returns to the city, the arrests will be made.

HONESTY

ADVOCATE MAN VISITS HEISEY GLASS PLANT

Interview With Head of the Big Glass Industry Relative to the Premium System.

This is the end of the glass men's year and the manufacturers are now engaged in arranging for the next year's business, and the employees are taking their vacations.

The employees of the Heisey glass factory have reason to rejoice, as they have realized so much more in wages that it is almost beyond their comprehension, and certainly beyond their expectancy. This state of affairs is due to the premium system.

Learning from one of the employees the good fortune of himself and his fellow workmen, an Advocate man called upon Capt. Heisey and learned the actual working of the plan, Friday.

For years there have been many matters which have arisen among the employers and the employees relative to the matter of compensation.

Newark has been as free from this state of affairs as any city and a great deal more so than many cities. In fact it has been almost totally free from all unpleasantness, and the reason has been that the employers have striven to make matters agreeable to their employees and one gentleman who has striven unusually hard to have matters absolutely agreeable is Capt. A. H. Heisey, whose name has a most enviable reputation throughout the world.

When Mr. Heisey commenced to operate in this city, his first thought was to make the best ware that could be placed upon the market, and he realized that to do this it was necessary to surround himself with employees who would work to his interests, and to accomplish this end he also realized that he needs must make their efforts substantial to themselves, and with this one point in mind he set about to figure out a plan whereby the employee would realize as much as his efforts would warrant.

Capt. Heisey when seen Friday said: "I have established what is known as the rebate system. This seems a bit vague to you, but I will explain it more fully, and when I do you will see how simple the whole affair is, and again how no employee who desires success for himself could help but exercise the most extreme care in his work and at the same time work hard for quantity as well as quality."

"The maximum premium paid is \$700 to each man whose loss in bad ware is not in excess of one per cent of what he makes, and this is scaled down to nothing to the man whose loss is in excess of ten per cent."

"Figured on this basis, the year's premium or the amount paid this year to the shop, making the smallest per centage of loss, amounts to \$250 to each, the presser, gatherer and two finishers, the number coming the shop."

"As was stated, the loss is based upon the one per cent plan, and provides, of course, that as an employee's loss on work increases, his premium decreases."

Mr. Heisey has adopted this plan for he believes it to be the most equitable to all parties concerned, inasmuch as each man secures at the end of the year what his efforts entitle him to. While under the co-operative system, each man is paid a certain per centage and the poor man gets just as much as the better employee, who is really entitled to more.

Continuing Mr. Heisey said: "This plan of operation has been in existence in the plant for about six years, has proven highly satisfactory, and is proving more so every year. The apprentice boys in the plant will also have something to work for now, as I intend to place them on the same basis as I have the journeymen, and every boy will have unlimited opportunity to show just how much ability he has and how much interest he shows in his work. This plan for the boys will be in operation the coming year. Their earnings will be based upon the per centage of earnings of the shop in which they are employed. This plan, I think will cause the boys to take an interest, and the ultimate result will be that the entire standard of the ware and also the shop will be raised still higher."

"The aggregate for this year's work is equally divided among the employees, would amount to five weeks' pay, extra."

The Diamond H is known the world over and the color and finish of Heisey ware has a world-wide reputation. Heisey ware is sold in Japan, in Europe, and in every state in the Union. All of the celebrated Holophane wares are made in Newark, which alone speaks for the high quality of the Heisey product.

A man's voice through a speaking trumpet twenty feet long has been heard a distance of three miles.

July 4 In History.

This memorable day in American annals is also noted as the anniversary of the death of three of the early presidents of the republic—viz. Adams, the second; Jefferson, the third; and Monroe, the fifth.

1804—Nathaniel Hawthorne, American author, born in Salem, Mass.; died 1864.

1807—Giuseppe Garibaldi, revolutionist, born in Nice; died in Capri June 2, 1872.

1826—Thomas Jefferson, third president of the United States, died at Monticello, Va.; born 1743. John Adams, second president of the United States, died at Quincy, Mass.; born there 1735.

1828—James Monroe, fifth president, died in New York city; born 1758.

1838—Truce between the armies at Santiago.

1851—Professor John Fluke, philosopher and historian, died at East Gloucester, Mass.; born 1812.

1866—A son born to Crown Prince Frederick William of Germany.

July 5 In History.

1758—George Augustus Viscount Howe killed near Fort Mifflin, N. Y. His skeleton was found there in 1850. Young Howe was with the vanguard of the colonial army, led by Major Israel Putnam, and he asked to be one of the first to meet the enemy. Putnam said to him, "If I am killed, the loss will be of little consequence, while your preservation is of importance to the army." The gallant Howe answered: "Putnam, your life is as dear to you as mine is to me. I am determined to go." He was killed at the first encounter.

1801—David Glasgow Farragut, naval hero, born near Knoxville; died 1870.

1893—Commodore Samuel Lockwood, U. S. N., retired, died at Flushing, N. Y.; born 1823.

1900—Professor Henry Barnard, famous educator, died at Hartford; born 1811.

THREE AMERICAN SONDER CLASS BOATS SHIPPED TO KIEL FOR THE RACES.

THE MARBLEHEAD (WILLIAM H. JOYCE AND SUMNER R. JONES)

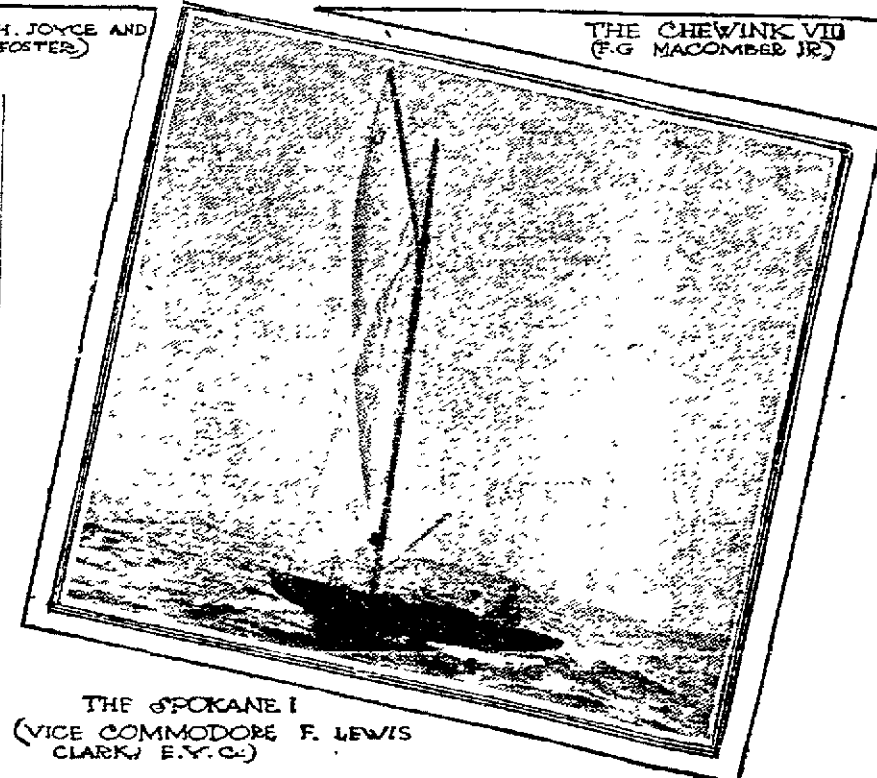

THE CHEWINK VII (F. G. MACOMBER JR.)

CHAIN GAVE WAY.

Three Miners Hurled Down a Shaft to Instant Death.

Spring Valley, Ill., July 5.—Three men were hurled down the shaft of the Lussale county carbon coal mine at Cedar Point and were instantly killed. The new shaft at this mine is 275 feet deep. Four men were descending in a cage with a load of iron pipe, when the chain broke. William Smart, foreman of the crew, managed to save himself by grasping the cabin. Hogan Benson and Charles Agnew were taken out dead. A log iron pipe was driven through the body of Frank Basala, nailing the body to the wall of the mine, 75 feet from the bottom.

THE SPOKANE I (VICE COMMODORE F. LEWIS CLARK JR.)

Boston, July 5.—The three Sonder class yachts forming the Americas team to race in matches in Germany and Spain left here yesterday on board a freighter bound to Hamburg. At the latter point they will be transhipped to Kiel, where they should arrive about July 15. The boats are: The Spokane, the Chewink and Marblehead. The Spokane is the heavy weather

representative. The Chewink is a fast all around performer and the Marblehead is best for light weather.

The crews, all amateurs, three men in a boat, will follow their craft to Germany by a fast liner and will be at Kiel to take them in hand on their arrival. They will thus have about a month in which to try them out on the Kiel courses before the international match, which will begin August 15.

Y. M. C. A. BOYS ARE NOW IN CAMP

TWO HUNDRED INCLUDING FIFTEEN FROM NEWARK ARE IN THE PARTY.

The Younger Boys' Camp is on the Calendar for the Week of July 15th.

The band of gypsies from the local Y. M. C. A. left Wednesday afternoon for the State Y. M. C. A. Gypsy camp near Coshocton. The band attracted much attention as they marched through town arrayed in their natty uniforms of blue overalls and shirt, red necktie and large straw hat. The local boys were joined by the Dayton, Springfield and Columbus bands at Hanover, where they all struck their tents for the night.

Early next morning the boys resumed their march in easy stages for Coshocton where they were joined by bands from Cleveland, Toledo, Youngstown and Mansfield.

About 200 boys in all will congregate on the banks of the Walhonding river. The days in camp will be spent in athletic and aquatic sports, fishing, boating and roaming the woods on special trips planned and chaperoned by the leaders. The bands are in charge of men of experience and manly characters. Camp rules and the leadership protect the boys from the sometimes harmful features of camping. These hikes to the woods planned by the Young Men's Christian Association is one of the most helpful and beneficial things the Association does for the boys. Put somewhat on their own resources by camp life, taught the secrets of the woods by competent men, and gratified in a helpful way in a natural desire for the new and daring, the boy learns much on these trips that prepare them for the battle of life.

The younger boys camp will take place the week of July 15th. The local Juniors will camp by themselves at a beautiful site near Hanover. This crowd will hike it in gypsy fashion also, although making it in a shorter trip to suit the age of the boys. The younger lads are anticipating their camp with keen anticipation. Parents with boys from 10 to 15 years of age should be glad of this splendid opportunity to give their boys a helpful outing.

T. J. Franks & Son of Johnstown, recently painted the house of Mr. Thomas, north of town.

Mr. Fred Klamfoth was recently employed to clean the big Martin-Brown-Schaff ditch in the swamp, which had become so filled by recent floods as to endanger crops.

The late cool spring has been bad not only on fruits and crops, but also on the chicken business, which is an important industry in this community. From all sides we hear of young chickens dying by the hundreds and some of our largest poultry raisers have lost heavily.

Mr. and Mrs. Joseph Kite of Urbana, Ohio, are visiting their son Rev. D. C. Kite at the present time.

On the morning of the Fourth Mr. Marcus Clark was married to Naomi Belle Mariner, daughter of Wm. and Elizabeth Mariner of Columbus, O. Because of the recent death of the groom's father they were quietly married at the Baptist parsonage by the Rev. D. C. Kite. Their many friends join in congratulations and best wishes.

On Monday the infant son of Mr. W. E. Flagg died at his home three miles south of town. The babe was one of a pair of twin boys and was almost a year old. The funeral was held at the home on Tuesday afternoon, the Rev. Mr. Brooks of Baltimore officiating, and interment was made at Kirkersville.

Mr. Ira M. Morrison and nephew, Mr. D. Winegarner, both of Zanes-

ville, were the guests of Mr. and Mrs. J. T. Lumley Tuesday.

Mr. Herbert Lugeneal who recently injured his foot on a rusty nail, is almost well again. His injury was of such a nature as to occasion alarm at one time because of fear of blood poisoning.

Mr. Wm. Mauger of Columbus, spent Wednesday with his parents, Mr. and Mrs. Geo. Mauger.

Mr. Jacob Wooster and family attended the funeral of Mr. Samuel Dunwoody at Thornville last week.

Preaching services next Sunday as usual at the Baptist church. Everybody invited.

LARGE FLEET

To Be Seen Next Winter in Pacific.
Metcalf Talks.

Oakland, Cal., July 5.—Secretary of the Navy Metcalf, in an interview, confirmed the report that a large part of the United States navy will be seen in Pacific waters next winter. Eighteen or 20 of the largest battleships will come around Cape Horn on a practice cruise and will be seen in San Francisco harbor. Said Mr. Metcalf: "It is the policy of the navy department at the present time to keep the fleet in American waters as much as possible. It is also our policy, as has been stated, to keep as large a number of battleships together as possible. We might as well spend the money that is devoted to our navy in American ports as abroad. In the past we have sent squadrons to various European nations with less advantage than by keeping them at home. I have planned this cruise around Cape Horn for the practice of the squadron. How long they will spend in these waters I can not say at present. I can promise the people of Oakland and San Francisco that they will see one of the finest naval spectacles ever witnessed in Pacific waters.

"I hope the talk of Japanese troubles and of international differences may be dropped by all of the newspapers of the country. There is nothing to produce any feeling except this talk of the newspapers. It is without foundation. The story that Ambassador Aoki is in disfavor with his own government, I believe purely an invention. I know of no reason at the present time why Japan and the United States should not be on the friendliest of terms."

SKIN DISEASES CURED.

Eczema, salt-rheum or tetter, erysipelas, ring worm, scaly or itching eruptions of the skin or scalp, old sores and scrofulous indications are a few of the troubles which Dr. Hale's Household Ointment drives away. First application gives relief. At City Drug Store.

CRIMPY FRAZIER

Gets Out of Jail Just in Time to be Arrested Again for Offense of Proving.

The notorious "Crimpy" Frazier, who has just finished a long term in the bastille, is ready to begin another term. "Crimpy" did not even get to enjoy the Fourth on the outside, for he was caught drunk and prowling the evening of the 2d around houses on the lower end of Hudson avenue. A call for Sheridan's ambulance was sent in by some of the residents, and the transfer was made in record time. Mr. Frazier was sent by the Mayor Friday morning to the granulating works for 18 days.

WALKED FROM NEWARK

Sick and Exhausted Austrian Searching for Wife Lay Down in Field to Die.

Columbus, July 5.—Several persons passing a field near Mt. Vernon and Taylor avenues saw a man lying as though dead. An investigation proved that he was ill and a patrol wagon removed him to the city prison and afterwards to St. Francis hospital.

He was found to be an Austrian named Juhas Ferenc, aged 32. He has been in this country about seven months and had arrived in Columbus Tuesday, walking from Cleveland by way of Newark. He claimed that his wife and two children had deserted him.

MRS. FRANK SWARTZ ENTERTAINS FRIENDS

Mrs. Frank Swartz delightfully entertained a number of schoolmates and friends at her pleasant home, at the corner of Ninth and Columbia streets on Wednesday, July 3. The day was spent in renewing friendships and singing the old school songs, and doing justice to the bountiful dinner and lunch. The guests enjoyed the duets and other music furnished by the younger children of Mr. and Mrs. Swartz. The hostess presented each guest with a handsome silk flag, which will be treasured by each as a souvenir of the happy occasion. Mrs. Mary C. Boyland and Mrs. Huldah Harter very ably assisted their sister in making the day one long to be remembered. The only thing to mar the pleasure of the day was that three members of the old association were unable to be present on account of sickness, etc. The following were present: Mrs. Theo. Mount (formerly Miss Frank Carroll) of Columbus; Mrs. Alice Taylor (formerly Miss Packard) of Newark; Mrs. D. M. Geiger (formerly Lillie White) of Hebron; Mrs. Lem Bumgardner (formerly Mamie Kelsey) of Hebron; Mrs. S. H. Rosebrough (formerly Minnie Wells) of Hebron; Mrs. Henry Jones (formerly Minnie Rettke) of Hebron; Mrs. Asa Harter (formerly Hilda Wharton) of Hebron; Mrs. Wm. Boyland (formerly Mary Wharton) of St. Mary's, O.

No Tea Trust in Japan.
San Francisco, July 5. — K. Matsubara, the acting consul of Japan at San Francisco, is in receipt of a dispatch from the foreign office of his government instructing him to deny the rumor to the effect that a tea trust was being formed in Japan, to which the Japanese government was extending encouragement and financial aid.

The report, the acting consul declares, is entirely without foundation.

REV. E. H. CAYLOR

Talented Columbus Minister is to Speak Next Sunday at the U. B. Church.

It will be of interest to many to learn that Rev. E. H. Caylor of Columbus, O., will be in Newark next Sunday, July 7, and will preach at the United Brethren church.

Rev. Mr. Caylor has a wide reputation as a most interesting and instructive lecturer and preacher. He has traveled widely and seen much, and is possessed with that rare ability to so tell his experiences that one

REV. E. H. CAYLOR.

is virtually taking a trip with him while he listens. A brilliant author and lecturer, he never fails to interest and to draw large audiences upon each succeeding visit.

Mr. Caylor has contributed many articles to periodicals in the fields of religion, science, history and travel. Especially is he at home in the field of psychology. Indeed the citizens of Columbus will not soon forget his masterful presentation of the subject of spiritualism. The crowded auditorium that listened night after night with unflagging interest as he exposed the tricks and devices of the so-called spiritualists will ever remember him with gratitude. A staunch soldier of the cross, Mr. Caylor labors for the truth's sake.

He comes to Newark bearing his own expense asking for no collection, eager to speak that his voice may be heard in the cause of righteousness. When speaking about his coming to Newark, he remarked: "Say to the people, 'If you come alone the admission will be 50 cents, but if you bring a friend you will both get in free.'"

The United Brethren church is to be complimented in giving to the citizens of Newark this opportunity to hear this able speaker.

A FAMILY ROW

Head of Household Used Broomstick While Frau Replied by Choking Her Husband.

A family that has just moved into the neighborhood on South Second street, near the creek bridge, got into a family row about 3:30 p. m. on the glorious Fourth. The head of the family had evidently been drinking. He came out of the house without any warning that any one could see, and hit the wife with a broomstick; the wife retaliated by giving hubby a good choking, but as the man was large and strong he soon commenced to get the better of the struggle and the battle was called off. This part of the city has always been very quiet and peaceful, and the orderly folks there say that if any thing more of like nature occurs, the police will be notified, and such parties moved out of the neighborhood.

"GREATEST FAKE IN THE WORLD IS FAKE CHRISTIAN," SAYS EVANGELIST.

OPENING SERVICES IN THE GOSPEL TENT, EVANGEL NO. 1, FIFTY-SEVENTH STREET AND BROADWAY.

New York, July 5—What he called Ocean Grove theology was expounded by the Rev. Charles H. Yatman, an evangelist, from that resort, when the gospel tent "Evangel No. 1," was opened for the 27th consecutive season yesterday. The Rev. Dr. R. S. MacArthur, the Rev. Dr. D. C. Hughes, father of the governor, and

the Rev. G. W. McPherson are in charge of the work.

"Quite the worst fake and sham in this world," said the evangelist, "is a fake Christian. There are lots of persons who hope to get into heaven just by doing what's right, but nothing short of complete self-surrender, having Jesus Christ really and truly in your heart, is sufficient. You may

lift up your hands at this meeting, but it's the lifted life you need.

"A banknote may pay off a great many debts, it may pay wages and help the ill and the poor, and at last, when it comes into the hands of the bank cashier, he casts it aside as counterfeit. And more good deeds will no make us acceptable to genuine Christians."

AMATEUR NIGHT

At Idlewild Park This Evening—Graham Stock Company—Minstrels Coming Week.

At Idlewild Casino tonight the Graham Stock company will present "Treasure Island" for the first time in Newark at popular prices. Through the story of intrigue, free-booters and buried treasure, runs a strong dramatic love-story. On the whole the production is the heaviest ever attempted on the Idlewild stage.

Immediately following the play bill will occur our amateur contest for over \$15 in cash and other prizes, all to be awarded for the one special contest tonight. Many contestants will appear, several of whom have never been seen in a similar contest before—notably the Newark Newsboys quartet—their first appearance in public, and Genners and Manto, a team of clever acrobats. "Treasure Island" will be repeated for Saturday matinee and night performances.

At Idlewild next week Barlow's Minstrels will be the popular attraction.

PASA ARRESTED

For Obtaining Goods Under False Pretenses But Case Has Been Settled.

Tom Pasa was arrested and brought before Squire Lee S. Lake for obtaining goods under false pretenses. The case was settled.

It appears from the affidavit that Pasa obtained groceries from M. Rothstein, a grocer on West Main street, representing that he was a partner of Thomas Buchanan, who keeps a boarding house.

The amount of the goods obtained is alleged to have been \$76.

Pasa, who had made arrangements to go to Zanesville, was confronted with the warrant and the parties met in Squire Lake's court and agreed upon a settlement.

Pasa is a Hungarian.

MRS. CLARK'S FUNERAL

Mrs. L. P. Sisson, President of W. C. T. U., Goes to Columbus to Attend Services.

The funeral of Mrs. Annie W. Clark at Columbus today was given a state significance by the presence of officers representing the organization of which Mrs. Clark was the honored head for so many years. There were two distinct services, one for the public and the other for the friends and relatives. Mrs. L. P. Sisson, president of the Newark W. C. T. U., attended the funeral today at Columbus.

The public funeral took place at 10 o'clock a. m. at the Fourth Avenue Church of Christ. This service was in charge of the county evangelist, Mrs. Amanda Harriman. The Anti-Saloon League was represented by Rev. Purley A. Baker and Dr. Howard Russell. Mrs. Florence Richards of Leipsic represented the directors of the W. C. T. U. and the state board by Helen M. Burns of Dresden.

The services for the family and near relatives was held at the home, Dr. Scott of Ohio State university had charge of this service. The body was laid away in West Lawn cemetery.

DR. WASSON, THE HOTEL CHAPLAIN.

REV. DR. JAMES B. WASSON

New York, July 5—Clothed with the authority and support of the Protestant Episcopal church, the cathedral of St. John the Divine and Bishop Potter, the Rev. Dr. James B. Wasson, assistant rector of St. Thomas' church, has been named as chaplain of the hotels and minister at large to all strangers in New York.

Dr. Wasson has already mapped out his work and will at once bestir his activities in his new and extensive field.

So far as is known this is the first time in the history of the Christian religion that any denomination has ever officially delegated a clergyman to such duties, and Bishop Potter at large to all strangers in New York is much interested in the innovation.

ENTERTAINED ON FOURTH OF JULY.

MRS. RECHARD VANDERBELT

NEWPORT, R. I., July 5—Mr. and Mrs. W. C. F. Jones have opened the season of large formal dinner company with an assembly of 24 at Mayfield. It was a gathering of the social set, and a few who had previously engaged to dine at the house. The week of Fourth of July, will be quite as gay as usual. Among those who will entertain are Mrs. Richard C. Vanderbilt, Mrs. Eliza Dyer Jr., Mrs. George S. Scott, Mrs. George Peabody, Mrs. Thomas Hitchcock and Mrs. William B. Lewis.

AT LAST, THE SECRET OF BEAUTY

The chief charm of a beautiful face is in the complexion. The mouth may be large or the nose perhaps too Romanesque to satisfy the strict ethics of beauty, but these faults are amply atoned for by a fresh, blooming complexion—the ivory skin tinted like the petals of a rose.

"But," perhaps you say, "not only are my features somewhat lacking in regularity, but my complexion is not what it should be—it is rather inclined to be sallow and muddied."

There is a need for you to be discouraged. Your complexion can be wonderfully improved, even made as charming and fresh as a young girl's by the use of the following lotion:

Obtain at your drug store Rose Water, 2 ounces; Cologne Spirits, 1 ounce; Eppotone (skin food), 4 ounces. Put the Eppotone in a pint of hot water (not boiling), and after dissolved, strain and let cool. Then add the Rose Water and Cologne Spirits.

Powders and rouges are but temporary improvement at best; the so-called "beauty doctors" often cause more harm than good. The above face wash is perfectly harmless to the tenderest skin and has given beautiful complexions to thousands of women. What it has done for them it is reasonable to suppose it can do for you.

The quantities in the above recipe are sufficient to last you for months, and the cost is quite small. Ask your druggist for them and prepare the lotion at home, following the directions very carefully.

Among those present from Newark were Charles Gist, Walter Keller, Marjorie Coulter, C. C. Gist, Amelia Holman, Thomas Keller. About 9 o'clock refreshments of ice cream, cake and fruit were served to the delight of all present. The remainder of the evening and far into the night was spent in playing games of various kinds. Everyone present was delighted at the excellent music furnished by Mr. Albert Hankinson and the singing by the quartet. Everyone had a very enjoyable evening, and all join in thanking Mr. and Mrs. Palmer and family.

ROME CELEBRATES GARIBALDI'S BIRTH

Rome, July 5—The centenary of the birth of Giuseppe Garibaldi, the Italian patriot, was observed in Rome with great rejoicing. The city was flagged by day and beautifully illuminated at night. All stores were closed and the chamber rose as a mark of respect. One of Garibaldi's veterans delivered a panegyric of Garibaldi at the capital in the presence of King Victor Emmanuel, the members of the cabinet, a number of noted personages and an immense gathering of the people. Similar celebrations were held in practically every town in Italy. Nice, the birthplace of Garibaldi, was in special gala attire.

THE BEST BEER-CHAMPAGNE VELVET

In beer, as in anything else, there is but one "best". It is a case of one in a class—there is room for no other.

Champagne Velvet has, since its introduction, steadfastly maintained its supremacy over all other bottled beers, until to-day it is taxing the capacity of the largest brewery in Indiana to keep up with the popular demand.

The next time you order a bottle of beer join the procession and insist on getting the best—insist on getting Champagne Velvet. And let this be your reminder to have a case sent to your home.

Levee Doomed.

Bakersfield, Cal., July 5.—The flood of water in the rich reclaimed wheat lands in the lower part of Kern county caused by the breaking of the Buena Vista lake levee continues to spread, and all resistance against further spread is useless until the auxiliary levee being constructed at the San Amadeo road is completed. The entire levee seems doomed. Coincident with the break in the levee was the breaking out of two large fires in the grain fields of Miller and Lux, nearly 20 miles distant from the lake.

Fireworks Exploded.

Grenada, Ill., July 5.—Peter Parker was fatally injured and three others hurt when a pile of fireworks exploded. Parker was struck by rockets. His ribs were broken and he sustained internal injuries. The others injured were Mrs. Irene Cutright, legs seriously burned; P. J. Bowman, seriously injured; Mrs. Oscar Matteson, seriously injured. Mrs. Matteson was trampled in a panic when the explosives were set off.

A FALSE ALARM CALLED FIREMEN

PENAL OFFENSE TO PULL A FIRE ALARM BOX UNLESS THERE IS REASON.

Skyrocket Explosion Called Firemen Out Thursday Night, but No Damage Was Done.

About 8:30 Thursday evening the new experiment was carried to the Cramer livery barn, in the rear of Swishers' cigar factory, where a skyrocket exploded in a pile of manure. No damage.

On Wednesday night a false alarm called the departments to Box 31, corner of Hudson avenue and Wyoming streets. When the apparatuses arrived no one was about, and there was no fire.

People should remember that it is a penal offense to pull a fire alarm box unless there is reasonable certainty of a fire or immediate danger of one.

They should also realize that when this is done a score of men place themselves in the danger of losing their lives, while responding to the call of either an idiot or a "practical joker," which is one and the same thing.

On the night of July 3d the department was called to First street near the canal, where a barrel of excelsior had caught fire. Damage, the barrel.

Picnic Party at Bucyrus Carried on Hay Wagons Drawn by Traction Engine.

Bucyrus, O., July 5.—In this day of high speed trolley lines and limited express trains the mode of travel adopted for the Methodist Sunday school picnic here yesterday was a decided novelty. A traction engine hitched to a train of half a dozen hay wagons carried the entire Sunday school three miles in the country. The novelty drew a big crowd and the innovation proved a decided success.

This method of transportation was used 20 years ago by the Scheidler machine works of this city to take the employees on their annual picnic to the Reservoir, then called, and the distance is from 11 to 13 miles. And they did it for many years in succession too. No, that's old for Newark.

Fatal Fray.

Utica, N. Y., July 5.—While celebrating the Fourth at Yorkville, a suburb of this city, a number of Poles began fighting, with the result that two of them are dead. The fight started in a saloon and the men were ejected by the proprietor. Hostilities were resumed in the street and later on the canal bank, where two of the party, Joseph Szczalka and Tony Rivileo, were knocked or thrown into the water and drowned. The police arrested 12 men.

ARRANGEMENTS FOR THE BIG TRIP

DEFINITE TIME FOR STARTING TO JAMESTOWN WILL SOON BE ANNOUNCED.

More Letters From Special Prize Winners and Girls Who Will go to Exposition.

The Advocate is in correspondence with the railway companies, steamship lines, hotels and the Exposition management arranging the details for the big Washington-Jamestown-New York trip, and as soon as the arrangements are completed the definite time for starting on the eastern trip will be announced.

In the rush of the last few days of the contest a number of subscriptions were sent to the Advocate with incomplete addresses. These are being corrected as rapidly as possible.

A PRIZE WINNER'S LETTER.

Advocate Printing Company:

Gentlemen—I am very grateful to all of my friends who by their votes, enabled me to be numbered among the winners of the Jamestown trip. As I shall not be able to express my appreciation to all personally, please print this "card" in the Advocate. I wish to thank the publishers of the Advocate for the pretty diamond ring which was awarded to me on May 27. I received a handsome silk parasol from the Powers-Miller company as a special prize, and I value it highly, too. The special prize check from the Advocate is just at hand and I am under obligations to you for this as well as for many courtesies shown during the recent contest. Very truly,

HANNAH BEAVER.

Pataskala, O., R. F. D., July 3.

FROM MISS BERTHA CLARK.

To the Advocate:

Gentlemen: Accept my thanks as one of the winners of the special prizes in the Jamestown contest. I desire also to thank my friends for the great interest they have taken and their incessant work in helping me. A pleasant trip to the winners.

Yours respectfully,

BERTHA M. CLARK.

Utica, July 3, 1907.

RECEIVES A CHECK.

The Advocate Printing Co.

Gentlemen:—Yours of the 26th ult., containing check, received. I am very grateful for this, and for all favors and kindnesses shown me during the contest and hope that the paper will continue successful.

Very respectfully,

FLORENCE MADDEN.

Hebron, July 4, 1907.

LETTER FROM MISS HAYS.

To the Advocate:

Gentlemen: I wish to sincerely thank my many kind and generous friends who through their kindness and loyal support made it possible for me to be one of the winners in the Jamestown contest; also to the Griggs Company for the beautiful dress pattern that I received through their generosity; and to the Advocate I extend my hearty appreciation for the many courtesies shown me and the interest manifested in each and all of the twenty-nine contestants.

Wishing you success and thanking you for past favors.

I remain sincerely,

MILDRED HAYS.

Utica, O., July 3, 1907.

Two Killed, Five Injured.

Cedar Rapids, Ia., July 5.—Two men were killed and five injured by an explosion of giant powder. The seven men with others were riding to a picnic up the river, and had four pounds of giant powder in the boat, to be used in celebrating the Fourth. The survivors say that one of those killed threw a cigaret on the top of the can containing the powder. The explosion followed instantly.

Tragedy Follows a Dare.

Winona, Minn., July 5.—A Fourth of July "stunt" caused the death of Roy Van Sicklen, 17, at a picnic park near here. The park is illuminated by an electric light tower 150 feet high, and Van Sicklen, following a "dare" from companions, climbed to the top of the structure. He came in contact with a live wire and his body was hurled to the ground. The accident was witnessed by 300 persons.

Fourth In Dublin.

Dublin, July 5.—The American visitors brightened this city with demonstrations in honor of the Fourth of July. The most prominent buildings and the streetcars were decorated with American and Irish flags.
